COMMUNICATION SKILLS

Very strong organizational and communication acumen, customer service focus, economic and policy reforms, change management and development. Innovative, resourceful, client-orientated, result-driven history dealing with difficult, sensitive and risky situations. Able to establish solid relationships with both senior management and employees and build consensus across multiple levels to achieve goals. Strong advocate and practitioner of honesty-based leadership.

ORGANIZATIONAL / MANAGERIAL SKILLS

Consummate leader with a documented record of unprecedented success in Regulatory Reform, economic development, policy and strategy formulation, and management of organizations. Highly accomplished goal oriented senior executive with strategic and managerial leadership skills with international, non-profit, government and economic organizations. In-depth knowledge and expertise of RegRef issues, with direct experience in dealing with IA in developed and transitional economies. As the Sole Administrator at AGORA' 2000 S.r.l. from 2006 to 2014 (being an Economist in the company since 1988 and a member from 1992), he was in charge of the acquisition and management of projects and programmes in the sector of international cooperation to development. He was in charge of teams of up to 20 people, between full-time and part-time employees.

JOB-RELATED SKILLS

Eighteen years of professional experience in the formulation and the operation of REGULATORY QUALITY related tools, on all the regulatory cycle. He especially focused on the REGULATORY IMPACT ANALYSIS (RIA), the REGULATORY IMPACT EVALUATION (VIR in Italian) and the measurement of administration fees (MOA in Italian). In 1996, he dealt with the economic tools for the environmental regulation in Slovakia on behalf of the EC. In 1997-98 he dealt with Red Tape and the simplification for the promotion of investments in Namibia. He has been an economist since 2001, and he has been in charge of the analysis of the economic impact in the SSPA and Formez working groups, which act at a national and regional level on behalf of the Dept. of Public Sector or RIA. He has been coordinating the PCM working group/SSPA Dept. of Public Sector since 2005, which is in charge of measuring the administration fees associated to companies reporting requirements. He coordinated the support of the Council for Regulatory Reform of the Serbian Government from 2005 to 2010 on behalf of the Investment Climate of the World Bank. He was a member of the Unit for simplification and quality of the regulation of the Presidency of the Council of Ministries from September 2006 to May 2011. He worked on RIA (working group that has drawn up the Decree of the Presidency of the Council of Ministers 170/2008) and on regulatory costs. He has been an economic advisor at GdL POAT DAGL of the Presidency of the Council of Ministers since May 2011. He supports the Management authority and the coordinator of the POAT (Technical Support Programme of the Convergence Objective Regions for the reinforcement of the regulatory capability) enforcement within the PON "Governance and Technical Support of the 1st Convergence Objective. In 2012 he provided with technical support at ERRADA, a Governmental institution in charge of implementing regulatory quality in Egypt. He was a Professor on contract of Regulatory Impact Analysis at the Polytechnic University of Milan from March 2007 to September 2009. He worked there for 3 semesters and over 200 hours of academic activity. In 2007/2010 he taught and trained the Public Administration staff in Italy (PCM, Vanoni School, School of the Ministry of the Interior, ISLE) as well as abroad (World Bank, EALL, OCSE) on Regulation Quality and RIA for over 300 hours. In 2011, he published the book "The quality of rules" with Maria De Benedetto and Nicoletta Rangone at Mulino Publishing House. He has been a member of the Italian AIR DIPE (Italian Regulatory Scrutiny Board) since 2014 and is in charge of evaluating the RIA presented by Ministries to the DAGL. Setting up the Italian guidelines for IA (Impact Assessment). Outlining the training for the National School of Administration on the Quality of the regulation for Ministries. Throughout his first year of activity he revised 51 Impact Assessments issued by the Ministry of Economics, the Ministry of Healthcare and the Ministry of Interior.

COMPUTER SKILLS Very good command of Microsoft Office™.
